You will experience the scenic Bergen Railway, the breathtaking Flåm Railway, the Aurlandsfjord, the narrow and dramatic UNESCO-protected Nærøyfjord and a bus trip through the beautiful scenery of Western Norway.

Tour description
On the trip, you get to enjoy magnificent nature from the train window on some of Europe's most beautiful train rides and you get to feel the fresh fjord air of the Nærøyfjord on the deck of an electric boat. The trip gives you the best Western Norway has to offer in terms of fjords and mountains and you travel through the landscape in an easy and sustainable way.

The journey has several highlights, such as the Flam Railway- one of the world's most beautiful train journeys, a fjord cruise on Nærøyfjorden and Aurlandsfjorden and the Nærøydalen valley, which is also a UNESCO World Heritage Site.

EXPLORE MORE!

If you want to experience more, you can easily extend and combine the trip with other experiences and accommodation along the way.

Experience local beer and food at Ægir Brewery. The brewery are built in Viking style.

Get closer to nature and the dramatic fjord landscape from the seat of a kayak.

Overnight stays possible in Oslo, Geilo, Finse, Flåm, Gudvangen, Vatnahalsen, Stalheim, Voss and Bergen.

The best time to go
Summer, autumn, winter or spring? All seasons will give travelers an unforgettable and unique experience.

Peak season to visit the fjords is in summer. The sun sets late in the evening, and on warm days you can enjoy a refreshing dip in the fjords. Autumn gives fewer people, the air becomes crispier, the trees come alive with radiant colors and the serenity of fall replaces the buzz of summer.

If you like the idea of being immersed in winter wonderland with enchanting frosty colors, snow-capped mountains and ice-covered waterfalls - there's an unforgettable winter experience for everyone on this tour. In spring, the days grow longer and sunshine warmer, the fjords come alive with birdsong and blooming trees, while snow lingers on the mountains.

Stay an extra night or two in Flåm
The small picturesque village of Flåm is situated innermost in the stunning Aurlandsfjord and is home of the thrilling Flåm Railway. In the centre of Flåm you will find the lower station of the railway line and Flåm is an excellent place for a break for travelers from both East and West.

Flåm has a wide variety of exciting activities and experiences to choose from. Join in on a fast-paced RIB tour where you get a chance to taste the locally made cheese in the cheese village of Undredal, experience the serenity of the fjord on a guided kayak tour, glide down Flåm valley on the longest zipline in Northern Europe or enjoy a meal with beer tasting at the local brewery Ægir. The electric bus tour to the Stegastein viewpoint is also a popular activity. Either way, you will find something exciting to do in Flåm, all year round!
